APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.25 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 cubic feet per second, but not to exceed 73.8 million gallons annually.

Actual construction work shall begin on or before April 14, 1981

Proof of commencement of work shall be filed before May 14, 1981

Work must be prosecuted with reasonable diligence and be completed on or before April 14, 1982

Proof of completion of work shall be filed before May 14, 1982

Application of water to beneficial use shall be made on or before April 14, 1984

Proof of the application of water to beneficial use shall be filed on or before May 14, 1984
